

Figure 1 is a schematic diagram of a circular array of cells. The array is divided into a central 5x5 grid of squares and an outer ring of triangles. A horizontal line A-A passes through the center. A label 2 points to the central grid, and a label 5' points to the outer ring.

Figure 1B is a cross-sectional view of a multi-layered structure. It consists of a top layer 1, a middle layer 2, and a bottom layer 3. The top layer 1 is divided into a left portion 4 and a right portion 5. The middle layer 2 is divided into a left portion 6 and a right portion 7. The bottom layer 3 is a single continuous layer. The structure is shown in a perspective view, with a dashed line indicating a cross-section. The layers are labeled with numbers 1, 2, 3, 4, 5, 6, and 7. The top layer 1 is labeled with '1 B' at the top left. The middle layer 2 is labeled with 'A' at the top left and 'A'' at the top right. The bottom layer 3 is labeled with '6' at the bottom center.
